Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Tuesday 25 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy, damp start then drier and brighter.

Today:
A cloudy start this morning with still some patches of light rain, soon dying out. Then becoming brighter with sunny spells developing along with a few showers, especially across eastern parts. Cool northerly breeze. Maximum temperature 14 deg C (57 deg F).

Tonight:
Dry with clear periods over the Western Isles and west Highlands. Becoming cloudier further east with a little rain for a time. Brisk northerly winds. Minimum temperature 4 deg C (39 deg F).

Wednesday:
Mainly dry with sunny spells, best over Lochaber. Staying cloudier over the north Highlands and Speyside. A warmer day with lighter northerly winds. Maximum temperature 17 deg C (63 deg F).

Outlook for Thursday to Saturday:
Dry, bright and warmer conditions with light winds. However there will be some cloudy, damp conditions for a time on Friday.
